

Active Learning Workshop Series – Tracking Form

We are so excited that you will be joining us! Please use this form to track your participation in this workshop series. Although the workshops are numbered in this form to help you track your participation, you can complete these workshops in any order you wish. You can find [workshop descriptions and a tentative schedule here](#).

Name _____

Department _____

ACTIVE LEARNING FUNDAMENTALS

These four workshops cover topics that are fundamental to the adoption, selection, and implementation of active learning strategies. All four workshops will be offered twice each academic year. Although we recommend prioritized engagement in these four workshops, *instructors need not complete all four fundamental workshops before engaging in special topics workshops.*

Workshop Title	Date of Participation
1. Active Learning 101	
2. How Learning Works: Engage Your Students in Active Learning	
3. Got it!? Assess Student Learning Just in Time	
4. Designing and Facilitating an Effective Learning Environment	

SPECIAL TOPICS IN ACTIVE LEARNING

These workshops cover special topics related to the selection, design, and implementation of active learning strategies. These workshops will be offered on a rotating schedule.

Workshop Title	Date of Participation
5. Overcoming Student Resistance to Active Learning	
6. Setting the Stage for An Engaged Semester	
7. Integrating Writing to Activate Learning in Any Class <i>In partnership with the Writing Intensive and Writing Certificate Programs</i>	
8. Facilitating Engaging Discussions	
9. Small Teaching, Big Impact: Integrating Lectures with Active Learning	
10. Leveraging Active Learning to Foster Student Metacognition	
11. Facilitating Productive Group Work	
12. Student Development Theory <i>In partnership with the Office of Student Affairs</i>
